Letter from the Chair

BABSLab 2021

Our story opens with a dimly lit space craft drifting its way through the galaxy, inside 3 pony travelers inside of their hibernation capsules. We enter the dream of a small copper colored pony.

Is this thing on?.....Test....Test.... Ok...alright sea ponies, this is your Captain, Atlas "Howling Mad" Murphy. You can swim, but you can't hide because we're live and internet wide! I've got one Discord Server that won't behave and you can't ignore me anymore. I WILL BE HEARD!

Your Captain has surfaced the lab and is throwing a huge party for all of his wonderful crew (Attendees). So, "Whether you prefer pancakes or waffles, both or neither, we're happy to have you here!"

First off, we thank you from the bottoms of our hearts for coming and spending your weekend with us. All of us here truly miss everyone and we can't wait to see everyone in person very soon. It's been crazy times since our last Online Con, but the great team here didn't want to disappoint you so we decided to put on this event for you. BABSConline Season 2: BABSLab 2021.

We welcome each and all to the Event and hope all of you have fun and enjoy. Kick back, talk, chat, watch, or listen. There are many excellent events, music, panels, vendors, and GOHs to experience. Please enjoy and keep these things in mind as you Attend.

Honestly – We are honestly happy you are here.

Kindness – Please be kind to each other and to the Staff.

Generosity – Don't forget those Vendors but also the generosity of the Staff who continue to go above and beyond to make these happen for your enjoyment.

Loyalty – We thank you for sticking with us over the years and we look forward to being there for you for many more.

Laughter – The world needs more of this.

Last but not not least is;

Pudding!.....What, you thought I was going to say...

Magic?.....

Well pudding would be good right now, but seriously, the magic of friendship is one of the most treasured things we have. We are thankful for all the friends we have made (and continue to do) over the years. So we hope you get to rekindle old friendships, and make some new ones during your time here. Maybe even consider staying around after the event, as we will still be here.

One last parting wish, please remember all those who are not with us and the ones who paid the ultimate price so we can have the freedom to do the things we love to do. Always keep them in your thoughts and hearts. Always remember.....

The BABSLab 2021 Executive Crew

(PS if it sucks blame Atlas)

MELODYBRONY

MelodyBrony—is a multi-instrumentalist musician based in southeast Michigan. Melody specializes in rock and metal but also does softer genres as well. With a track record of many performances, he has a sound for all audiences. Original album “Origins” available now.

Khaliber—After many music projects throughout the years, 2017 would be the year when Benjamin would start on his most ambitious artist project, Khaliber. In 2020, Khaliber would find his break with his single, Beyond, which earned him a spot on the Ponies At Dawn label. Then, he would follow up with his next track Phoenix, and gain the support from the artists: Silva Hound and Odyssey Eurobeat. Now in 2021, this may be Khaliber’s biggest year yet. He would release other singles on A State Of Sugar & Equinity. He would release his first official remix for Silva Hound’s “Root Of All Evil.” Now, while his debut EP is set to release in May, he continues to whip MLP conventions into a frenzy with his supercharged DJ sets, playing a little bit of everything for anyone to enjoy. Get ready for a thrilling ride provided by this rookie Brony / Furry musician

EVERSHADE

Evershade—Bring your party on to this vibin’ music set by Evershade. Expect to be grooving to the electronic dance and pop tracks that he has planned for you. Experience some familiar and even some new tunes that will get you on your feet... er... hooves!

PrinceWhateverer—Heyo! I'm PrinceWhateverer! Long time musician and pony enthusiast, I've been making tracks for the fandom since 2011 and with G5 around corner I have no plans to stop whatsoever! If you're into energetic, moody, sometimes edgy music then I am the boi for you!

DoTheDaringDew— DoTheDaringDew is a songwriter from Dallas, Texas and has been a part of this crazy ride since early 2012. He has been to his fair share of pony conventions, performing on both stages and out in the halls. Whether he is doing that or running silly pony panels, Dewie brings an energy and passion to the show and fandom he loves!

PegasYs— Making face sounds in the worst ways you can think of, PegasYs will bring you bass. But he will also make you think. Feel. Understand. Watch him flounder about with his weird CASIO guitar and flounder along with him.

Dropper Vampire—In 2012 Dropper Vampire began his long journey through the pony music industry, releasing various tracks of the Dubstep genre but it was until 2015 that the vampire began his musical career oriented to the Big Room House genre from scratch. As of 2020, the Vampire's musical career has surprisingly increased thanks to great remixes such as "Come Alive" by Silva Hound, "Cyberpink" by Scraton among others. Also this year would be the debut of Dropper Vampire on pony labels such as Ponies at Dawn, A State of Sugar, Equinity but he has also taken a big step in the music industry in general by releasing his first track titled "Stay" on the House District Records label, a label that would open the doors for him. He, too, has released on other non-pony labels like Spur Records, Boost Recordings. Today Dropper Vampire has received the support of various artists of pony and non-pony music proving who's the self-proclaimed The Vampire of the Big Room.

MC-Arch—He is a no nonsense taking Out-Of-The-Box thinking Brony Hip-hop MC from the Netherlands who is more than willing to show what HE has to say, show, do for the Fandom he loves with all of his Heart. Arch is also a Huge Fluttershy fan and is more than happy to bring forward how the show inspires him to write, sing, rap, and perform the Magic and willpower found in his Music! And despite having a troubled past, he shows it does NOT define you and that you can create a beautiful world as long as YOU have the will to believe in one! You are ALL welcome to witness the rise of a Musician who remembered who he is, and how he is going to change the game because of it! It's MC-Arch's turn to get on that Ponytown stage in front of the 1000's, FUFing around and having fun while he brings you music! For the people, by the people! Brony for LIFE! In 2020, he decided to take a more active part in the music side of the fandom of which he had always been an avid listener. Jeremy is a graduate of the University of North Carolina at Chapel Hill and calls Durham, NC home. He also happens to enjoy writing comic books and graphic novels for kids of all ages and, besides working on *Princess and the Pirate Princess*, he has also written for Marvel, Titan, Dynamite, and IDW (where he's written for several of the *My Little Pony* titles, including much of *Friendship is Magic* Season 10). Tony's art has appeared throughout the IDW *My Little Pony Comics* titles, such as *Friendship is Magic* (including Season 10!), *Micro-Series*, *Friends Forever*, and *Nightmare Knights*, and in the Young Readers book, *My Little Pony: Best Gift Ever, A Present for Every Pony* from Little Brown & Co. Tony's also written the mini-series *Time Shopper* for Action Lab Comics, and the hot new mini-series *Stray Dogs* for Image Comics, best described as "Lady and the Tramp meets *Silence of the Lambs*". Tony's Favorite pony is Applejack and his favorite color is pink. Which comes in real handy in this job. Follow Tony on Twitter.

Trish Forstner is from Baltimore, Maryland and is a relative newcomer to the comic industry but brings a lifetime of experience in creating fun, lovable characters. She's been drawing since she could hold a pencil. Trish loves classic animation and has taken influence from many sources, particularly Classic 80s and 90s 'toons.
